

dedubros

deDUBros are an italian reggae & dub duo formed by the two musicians and producers **Federico Cioni** and **Diego Cossentino**.

Since their early productions they have collaborated with big international artists such as Dennis Bovell, Almamegretta, Lee Jaffe.

Their creative house is **BoomkerSound** studio based in Firenze, Italy, where they dove create, record and mix their works.

They have been released by **Elastica Records** and their music is available in most digital stores.

Always looking forward for new collabs **deDUBros** presents their shows as dub set and as live band roots & dub.
